

Francis Paquet, MSc, Eng., CBV
Partner

EXPERIENCE

Francis Paquet has been working closely with ModelCom since 2000 and is a Partner of the company. He brings close to 20 years of combined marketing and technology experience in the fields of telecommunications and information technology.

Francis is an expert at financial planning for high-tech projects. He acquired this expertise through mandates for Bell Canada, Bell Canada International, Microcell Telecom, and Inukshuk Internet. He has been involved in many major projects in Canada, South America, and Asia, including telecom network implementation, cellular spectrum license acquisition, and data-centre start-ups.

Francis has built proven expertise in several other areas such as business opportunity evaluation, project and business valuation, profitability analysis, business and market intelligence, and product and service positioning.

Francis is a member of the Ordre des ingénieurs du Québec and holds a Master of Science in Telecommunications from the Institut National de la Recherche Scientifique as well as a Chartered Business Valuator (CBV) designation.
