

Lyubomir Georgiev, M.Sc.

EXPERIENCE

Lyubomir Georgiev joined ModelCom in 2008. His resourcefulness, meticulousness, and vast competence in investment and financial analysis allow him to provide high-quality counsel to our clients. His educational background and work experience have given him the ability to collect, extract, process, and analyze vast amounts of data effectively.

Lyubomir's experience includes investment banking, financial risk management, reconciliation analysis, and invoicing control. His main expertise is in the area of financial investment analysis and quantitative research modelling.

Lyubomir holds a Bachelor in Business Administration (BBA) as well as a Master of Science (M.Sc.) in Finance. He has also completed the Canadian Securities Course and is currently enrolled in the CFA program.
